

## **Stud & Breeding Agreement:** (Effective 01/01/2008)

**Stud Dog:** Hotaling's Terminal Ballistic  
AKC Reg # SR 03682503  
DNA Profile # V456246  
ID # 404B267F3B

**Stud Fee:** **Frozen Semen or Live Cover: \$800.00 plus expenses**, a nonrefundable deposit of \$300.00 is required prior to frozen semen shipment or breeding day.

### **Expenses:**

***Frozen Semen: A nonrefundable deposit of \$300.00 is required prior to any frozen semen release and or shipment.*** One frozen semen breeding per stud fee. If a second frozen semen breeding is requested an additional \$300.00 is added to the stud fee, a nonrefundable deposit will apply to the first as well as second frozen semen release. *All expenses associated with shipment of frozen semen and return of shipping container is the responsibility of the owner of the bitch being bred. These expenses are required to be prepaid to storage facility. We will only release the frozen semen breeding once shipping expenses have been prepaid. It is the bitch's owner's responsibility to make shipping arrangements to their veterinarian from the storage facility. We are not responsible for frozen semen once it has been released from the storage facility.*

When using *Frozen* it is the responsibility of the owner of the bitch to make sure that they are dealing with a competent and experienced veterinarian. The veterinarian must have on site storage facilities and proper handling and thawing equipment to prevent spoilage of frozen semen. The veterinarian selected must have extensive experience in surgical A/I and trans-cervical A/I procedures with frozen semen. **A minimum of 3 business days notice is required for securing container for shipping of frozen semen otherwise shipment cannot be guaranteed.**

**Stud fee is required to be paid in full within 15 days from litter whelping date, accompanied with AKC paperwork.** In the event a litter numbers 4 or less, the stud fee will be prorated based on 5 puppies being a full stud fee litter. All other expenses associated with the breeding will still be the responsibility of the owner of the bitch.

**Progesterone testing is required** in order to establish the day of ovulation and the best day to perform an A.I. (This is an expense to the owner of the bitch). ***It is the responsibility of the bitch's owner and or veterinarian to keep the stud dog owner informed on bitch's general health, progesterone or cytology test results, planned semen shipment date, semen arrival, A.I. date, ultrasounds, x-rays, whelping date, and all health problems or complications.***

It is understood that there is always a risk in transporting and boarding dogs, that injury or illness can occur, that dogs can escape. It is further understood that the owners of the stud dog are not insurers of the bitch and are not liable for her loss, health, or injury.

*All bitches must have proof of: **AKC or CKC Registration, OFA hip registration, current eye CERF (within 12 months)***
